# CONTENTS

## *SPECIAL ISSUE: SELLING AND SALES MANAGEMENT*

**1** **Letter for the Special Issue on Selling and Sales Management**
Peter LaPlaca

**3** **Introduction to the Second Special Sales Management Issue**
Earl D. Honeycutt, Jr.

**7** **Salesperson Failure: Sales Management is the Key**
*Who's really responsible for salesperson failure? The sales management team!*
Alan J. Dubinsky

**19** **When Salespeople Fail: Assessing Blame**
*In this age of fault-finding and blame-fixing, the finger points to management when salespeople fail*
Marvin A. Jolson

**27** **Student Preferences for Sales Careers Around the Pacific Rim**
*Given the growing importance of trade in the Pacific Rim, what are student attitudes toward sales careers?*
Earl D. Honeycutt, Jr., John B. Ford, Michael J. Swenson, and William R. Swinyard

**37** **Navigating Through Rough Waters: The Importance of Trust in Managing Sales Representatives in Times of Change**
*Joint sales calls and fair appraisals establish needed trust that can help during times of transition*
Kevin M. McNeilly and Marian B. Lawson

**51** **Influence of Managerial Behaviors and Job Autonomy on Job Satisfaction of Industrial Salespersons: A Cross-Cultural Study**
*Can managerial behaviors, such as initiation of structure and consideration, lead to greater satisfaction among industrial salespersons, given their need for autonomy?*
Thomas E. DeCarlo and Sanjeev Agarwal

**63** **Improving the Effectiveness of Field Sales Organizations: A European Perspective**
*Coaching rather than commanding salespeople increases sales unit effectiveness. Managers play a vital role in helping salespeople deliver high level performance*
Artur Baldauf and David W. Cravens

*Industrial Marketing Management* **28**, bmi–bmvi (1999)

© 1999 Elsevier Science Inc. All rights reserved.

655 Avenue of the Americas, New York, NY 10010

0019-8501/99/$–see front matter

**73** **Sales Training Evaluation Model (STEM): A Conceptual Framework**
*What is the relationship of different sales training methodologies and the ability to measure sales training effectiveness?*
Robert A. Lupton, John E. Weiss, and Robin T. Peterson

**87** **The Current State of Sales Force Activities**
*Changes in sales organizations and the sales environment over the past decade have resulted in major new activities that salespeople are required to perform in order to be successful*
Greg W. Marshall, William C. Moncrief, and Felicia G. Lassk

**99** **Using Buyer's Information Processing to Formulate Selling Strategies**
*Determining the buyer's mode of information processing increases selling effectiveness*
Kenneth A. Hunt and R. Edward Bashaw

**109** **A New Classification of Sales Resistance**
*Classifying sales resistance enables salespeople to better gain buyers' commitments*
Kenneth A. Hunt and R. Edward Bashaw

**119** **Understanding Customer Quality Requirements: Model and Application**
*Quality offers a competitive advantage even in mature commodity industries*
Eric Hansen and Robert J. Bush

**131** **Effects of Manufacturers' Strategies on Channel Relationships**
*How do competitive strategies implemented by manufacturers impact the intimacy of their relationships with distributors?*
Zhan G. Li and Rajiv P. Dant

**145** **Building Competitiveness in Grocery Supply Through Continuous Replenishment Planning: Insights from the Field**
*Sharing of sales data results in improved inventory management*
Roger C. Vergin and Kevin Barr

**155** **Examining the Use of Team Selling by Manufacturers' Representatives: A Situational Approach**
*In what situations do manufacturers' representatives utilize team selling?*
Donald W. Jackson, Jr., Scott M. Widmier, Ralph Giacobbe, and Janet E. Keith

**165** **Country-Of-Origin Effects on Purchasing Agents' Product Perceptions: An Australian Perspective**
*A survey of Australian purchasing agents explores country-of-origin influences*
Sam Dzever and Pascale Quester

**177** **Segmenting the Global Market by Usage Rate of Industrial Products**
*Heavy-user countries are not necessary heavy users for all industrial products*
Mahir Nakip

## *SPECIAL ISSUE: RESEARCHING BUSINESS AND HIGH TECHNOLOGY MARKETS*

**197** **Introduction to the Special Issue: Researching Business and High Technology Markets**
O. Karl Mann

**201** **Theory Testing Using Case Studies in Business-to-Business Research**
*A case methodology is developed that is appropriate for use by business-to-business researchers*
Wesley J. Johnston, Mark P. Leach, and Annie H. Liu

**215** **Degrees-of-Freedom Analysis of Case Data in Business Marketing Research**
*Case data are analyzed using a pattern matching approach to conduct critical tests of competing theories in business marketing*
Elizabeth J. Wilson and Arch G. Woodside

**231** **A Framework for Monitoring Customer Satisfaction: An Empirical Illustration**
*Systematically monitor customer satisfaction over time*
Subhash Sharma, Ronald W. Niedrich, and Greg Dobbins

**245** **Organizational Buying Theories: A Bridge to Relationships Theory**
*Taking classical approaches to the new problems of relationships marketing*
John F. Tanner, Jr.

**257** **Research Pactice in Business Marketing: A Comment on Response Rate and Response Bias**
*Low response rate surveys are likely to be affected by respondent self-selection bias; external validity will be compromised*
Elizabeth J. Wilson

**261** **Response to Wilson's Comment**
John F. Tanner, Jr.

**263** **Assessing the Structure of Industrial Buying Centers with Multivariate Tools**
*Multidimensional scaling is a useful tool for determining who works with whom in industrial buying decisions*
Michael H. Morris, Pierre Berthon, and Leyland F. Pitt

**277** **A Comparison of Aggregation Approaches for Second-Order Data**
*How can relationship-level measures be created from individual-level responses?*
Brock Smith

**293** **Disk by Mail for Industrial Survey Research: A Review and Example**
*Disk by mail provides a solution to some of the unique problems encountered when conducting research in business markets*
Rod B. McNaughton

305 **Applying Principles of Creativity Management to Marketing Research Efforts in High-Technology Markets**
*Use creativity techniques to improve marketing research*
Lexis F. Higgins

319 **Key Factors in Increasing Speed to Market and Improving New Product Success Rates**
*Companies that can innovate faster and more effectively than their competition have a greater chance of achieving sustainable growth. This article describes several factors that can help to speed development time and enhance overall success rates*
Gary S. Lynn, Kate D. Abel, William S. Valenti and Robert C. Wright

327 **Internet Use within the U.S. Plastics Industry**
*Interfirm communications—and relationships—can be affected by the Internet*
Brett A. Boyle and Linda F. Alwitt

343 **Business-to-Business Marketing and the World Wide Web: Planning, Managing and Assessing Web Sites**
*Marketers must assume a greater role in B-to-B Web sites*
Joel R. Evans and Vanessa E. King

359 **Impact of Job Formalization and Administrative Controls on Attitudes of Industrial Salespersons**
*Are output controls better than process controls for managing salespersons?*
Sanjeev Agarwal

369 **Do American and Mexican Purchasing Managers Perceive Ethical Situations Differently? An Empirical Investigation**
*Comparing ethical perceptions of purchasing managers from Mexico and America*
Raghu Tadepalli, Abel Moreno and Salvador Trevino

381 **Communications and Expectations in After-Sales Service Provision: Experiences of an International Swedish Firm**
*Description and discussion of the system developed by a Swedish firm to provide after-sales service through a distribution network across national cultures*
Timothy L. Wilson, Ulf Boström, and Rolf Lundin

395 **The Determinants of Choice Set Structure in High-Technology Business Markets**
*Shows the effects of past relationships, outside consultants, and situational variables on the size and composition of choice sets in high-technology business markets*
Paul G. Patterson and Philip L. Dawes

## *SPECIAL ISSUE: BUSINESS RELATIONSHIPS AND NETWORKS*

**413** **Business Relationships and Networks: Managerial Challenge of Network Era**
*What capabilities are needed in network management?*
Kristian K. Möller and Aino Halinen

**429** **Managing Business Relationships by Analyzing the Efects and Value of Different Actions**
*How the effects of relationship actions may aid relationship decision-making*
David Ford and Raymond McDowell

**443** **Learning in Networks**
*Business relationships: network, organizational learning*
Håkan Håkansson, Virpi Havila, and Ann-Charlott Pedersen

**453** **How to Set Up a Cooperation Network in the Production Industry**
*A methodology for SMEs to set up an international production network*
Bernd O. Loeser

**467** **The Networking Company: Antecedents for Coping with Relationships and Networks Effectively**
*Exploring organizational preconditions for a high degree of network competence*
Thomas Ritter

**481** **Adaptive Behavior in Buyer–Supplier Relationships**
*A key element of business relationship management*
Ross Brennan and Peter W. Turnbull

**497** **Managing Interfaces with Suppliers**
*How do buyers make use of supplier resources?*
Luis Araujo, Anna Dubois, and Lars-Erik Gadde

**507** **Do Customer Partnerships Improve New Product Success Rates?**
*Customer partnerships are no guarantee of product success*
Alexandra J. Campbell and Robert G. Cooper

**521** **Organizing Marketing in Industrial High-Tech Firms: The Role of Internal Marketing Relationships**
*The development of internal marketing units and their coordination is a major challenge for high-tech companies*
Kristian Möller and Arto Rajala

**537** **Relationship Promoters: Driving Forces for Successful Customer Relationships**
*Given the growing importance of developing and maintaining effective business relationships, what are significant activities and attributes of high performance relationship managers?*
Achim Walter

553 **Relationship Marketing Teams: Improving the Utilization of Customer Relationship Potentials Through a High Team Design Quality**
*Improve your relationship marketing teams for better customer relationships!*
Gabriele Helfert and Katharina Vith

565 **A Survey of New Product Forecasting Practices in Industrial High Technology and Low Technology Businesses**
*Forecasting in highly uncertain markets*
Gary S. Lynn, Steven P. Schnaars, and Richard B. Skov

573 **Purchase-Related Factors and Buying Center Structure: An Empirical Assessment**
*Buying center structure in a Southeast Asian setting*
Geok-Theng Lau, Mark Goh, and Shan Lei Phua

589 **Intercultural Interaction Strategies and Relationship Selling in Industrial Markets**
*Understanding the buyer's corporate culture should be a key component of marketing strategy for industrial sellers*
Roberta J. Schultz, Kenneth R. Evans, and David J. Good

601 **Antecedents and Consequences of Relationship Marketing: Insights from Business Service Salespeople**
*Relationship marketing is regarded by salespeople as a two-way street and requires engaged relationship building activities from both buyers and sellers*
Arun Sharma, Nikolaos Tzokas, Michael Saren, and Panagiotis Kyziridis

613 **Import Motivation in Manufacturer–Overseas Distributor Relationships: Guidelines for U.S. Industrial Exporters**
*How to enhance export performance through understanding the forces driving import decision making*
Constantine S. Katsikeas and Anna Kaleka

627 **Selecting and Training the International Sales Force: Comparison of China and Slovakia**
*How are firms selecting and training sales forces in former controlled marketplaces*
Earl D. Honeycutt, Jr., John B. Ford, Robert A. Lupton, and Theresa B. Flaherty

637 **Role of Market Turbulence in Shaping Pricing Strategy**
*Pricing strategies for high technology markets*
Michael F. Smith, Indrajit Sinha, Richard Lancioni, and Howard Forman
